

Arnold & Porter

Arnold & Porter offers sophisticated regulatory expertise, litigation and transactional practitioners. Our multi-disciplinary energy practice assists clients with mergers and acquisitions, financing, regulatory, compliance, enforcement, litigation and environmental matters, among other issues. Our team works with clients in various sectors, including electric generation, transmission, and related infrastructure, and oil and gas. Our energy practice is supported by disciplines such as litigation, tax, bankruptcy, antitrust, corporate, real estate and environmental, to name just a few.
