About Rainbow Energy Marketing Corporation

Rainbow Energy Marketing Corporation is part of a family of companies that comprise United Energy Corporation (UEC). UEC is a diversified energy industry leader in acquiring, drilling, producing and reworking oil and gas properties, as well as extending that core business into the wholesale buying and selling of natural gas and electricity throughout the United States and portions of Canada. Today, UEC has ownership interest in over 2,000 oil and natural gas wells in western North Dakota and eastern Montana and interest in 18 percent of the over 7,350 wells in North Dakota. Additionally, UEC is an owner of over 75,000 acres of non-producing oil and gas mineral rights in the Williston Basin. During its last fiscal year, UEC's gross revenues exceeded \$3.4 billion.

Beginning in 1994, Rainbow Energy Marketing Corporation was a very early entrant into the deregulated electric power industry and has been focused on balancing supply and demand needs for electric utilities, independent power producers and other market participants. Rainbow specializes in providing its customers with tailor-made as well as standard energy products that fit the individual needs of its customers. Rainbow does business in all regions of the United States, and it Canada and Mexico. Starting in 2004, Rainbow began providing Energy Management Services to Independent Power Producers, municipal utilities and industrial customers and provides a variety of power and natural gas management services.
