

American Wind Energy Association (AWEA)

AWEA is the national trade association of the U.S. wind energy industry. We represent 1,000 member companies and over 100,000 jobs in the U.S. economy, serving as a powerful voice for how wind works for America. Members include global leaders in wind power and energy development, turbine manufacturing, and component and service suppliers. They gather each year at the Western Hemisphere's largest wind power trade show, the AWEA WINDPOWER Conference & Exhibition, next in Houston, May 20-23, 2019. Find information about wind energy on the awea.org.
